Dear Vincent:

The applicant is the Atlantic City Boardwalk Redevelopment Corporation. This project proposes a system of improvements designed to alleviate and mitigate flooding in a highly developed drainage area in Atlantic City consisting of approximately 35 acres (see attached Engineer's Concept Plan). This area is bounded by Pacific Avenue, the Boardwalk, former Presbyterian Avenue and South Carolina Avenue. *Block 1, lot 139-142.*

Please indicate whether this site is eligible or listed on the National Register of Historical Places, and/or the presence of historic or archaeological resources.

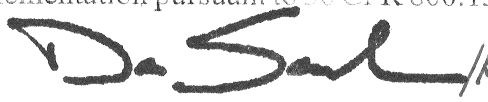

The Corps of Engineers requires a response from your Department to the enclosed request.

If you have any questions or need further information please feel free to call or email me.

Sincerely Yours;

Jennifer Capossela
JEROME ASSOCIATES

I concur with your finding that there are no historic properties affected within the project's area of potential effects. Consequently, pursuant to 36 CFR 800.4(d)(1), no further Section 106 consultation is required unless additional resources are discovered during project implementation pursuant to 36 CFR 800.13.
